Technical Data Sheet

ROBOT FLUSHING THINNER (MV-6189)

General Description:

MV-6189 THINNER is a clear, colorless hydrocarbon liquid.

Major Uses:

MV-6189 THINNER is recommended for Robot flushing or gun /paint line cleaning for automobile industries.

Characteristics:

Appearance		Color Transparent Liquid.
Specific Gravity	ASTM D 3505	0. 87 +/- .02 Kg. / lit.
Color (Say bolt)	ASTM D 1209	+30
ph		6.5-7
Copper Corrosion	ASTM D 849	None
Non – Aromatics	ASTM D 2360	Max. 20%
Flash Point (Abel)	IP 170	24°C

Properties:

MV-6189 THINNER has an average evaporation rate suggested for all Nitro Products when application is made in normal condition of temperature and humidity. MV-6189 THINNER has a certain action preventing milky effect of the surface.

Storage:

Keep the container tightly closed. Shelf life is unlimited in close container. Keep away from direct sunlight and other sources of heat or ignition; do not smoke in storage areas.

Packing: Available in 200 lit (Drum)

Physiological Hazards:

MV-6189 THINNER contains flammable solvents. Always use protective gloves and eye goggles when handling this project. It is highly recommended to provide proper ventilation on working area. If contact with skin or splash in eyes, wash with fresh water and seek medical assistance.
